SIR

I have the honour to state that the lowest tender of Mr G N Padmanabhiah, Contractor for the supply of tools and plants for the year 1942-43, was accepted by the Municipal Council at their meeting held on 12-12-1942 and orders were placed with the said contractor for the supply of tools and plants required for the Health and Engineering Departments during the last year Later on, the above-named contractor applied to the Municipal Engineer on 18-1-1943 stating that the rates of all the materials had increased due to scarcity of materials suspension of railway bookings, control over essential materials such as steel iron, etc and requesting for an increase of 25% over the tendered rates The Municipal Engineer purchased mumties pick axes, etc at the enhanced rates as the articles were urgently required and recommended the payment of the enhanced rates as prayed for by the contractor The matter was placed before the Managing Committee on 18-6-1943 and before the Municipal Council on 25-6-1943 Both the Managing Committee and the Municipal Council have approved of the action of the Municipal Engineer in purchasing certain tools and plants at enhanced rates Copies of the resolutions of the Managing Committee and the Municipal Council are herein enclosed for favour of reference

In accordance with the above resolutions, bills received from the contractor were presented for audit But the auditor has taken objection that the enhanced rates cannot be allowed without the sanction of the Government,

In these circumstances I request that orders of Government may be kindly obtained sanctioning the resolution of the Municipal Council, as the contractor is urging for the settlement of his claims

I have the honour to be
Sir,
Your most obedient servant,

Municipal Commissioner
